

AIRPORT FUN

DAY

APRIL 13, 2019

Come out to your local airport for a day of fun, games, lunch, and if you are between 8-17 yrs. old, find out how you can register for a free airplane ride on May 4, 2019!

There will be different types of planes to see, with pilots to explain how aircraft fly and special features they have. Learn all about aviation related career opportunities for your future.

A child-size airplane will be available for the young ones to play on.

Also, a representative will be present from William Jessup University in Rocklin, CA, to introduce their new A.S. and B.S. Degree in Aviation.
