Membership	Chapter dues: \$20 per year for individuals; \$30 for families; \$300 for gold membership

President's Corner

Welcome Chapter 1541 Members and Friends,

Finally, we can all meet in person! As many of you know the state is lifting the public health restrictions on gatherings this coming week. This will allow the chapter to resume with our face-to-face (F2F) meetings. Our first F2F meeting since March of 2020 will be a **Welcome Back!** pancake breakfast on Saturday, June 19th, from 8:00 – 10:00 a.m. This will be our June chapter meeting, with the program being the opportunity to 'chew and chat' with other chapter members.

As the next few months are going to be a bit too hot to meet in the hanger for the third Wednesday evening member meeting, these meetings along with the IMC Club will continue to be online.

Your chapter Board of Directors has been busy looking forward and planning events for the remaining year. We have a full lineup of interesting meeting presentations, we are also have proposed dates for a Young Eagles Rally, Airport Fun Day, and possibly an Eagle Flight event. The Eagle Flight is basically a Young

Eagles for adults who interested in aviation and/ or obtaining their PPL.

The chapter also has the opportunity to award a Ray Scholarship for this year. If you know of any young person that is interested in this opportunity, please contact any of the Board members and we can help with the application requirements. We have had the opportunity to award two of these scholarships to date, and our current recipient Hanna Treehan has a check ride scheduled for August.

Our first Ray Scholar, Amy Whelan, is continuing to make things happen. As many of you know, it was about a year ago that she passed her check ride and headed off to Embry-Riddle University the next day. This month she has also been awarded the Jack Burnham Scholarship, and has been selected by EAA national to be a mentor at GirlVenture at Airventure in July. Amy has also recently passed her written Commercial test and should be taking her check ride next month. Lastly, she has made the university's Dean's List! Amy is the epitome of the EAA mission aligning with her personal ambitions.

To continue the chapters activities the chapter needs a permanent meeting place, as we currently rent the hanger that we are meeting in. The Board has decided to move forward with plans to purchase a permanent home. Over the next few months, you will be seeing more info on focused fund raising to secure our future meeting space.

Remember Saturday the 19th at 8am, come out have some breakfast and enjoy some fellowship that we have all missed for the past year!

Sincerely,
Darren

Young Eagle/Event News

SUM – SUM - SUMMER TIME!

YOUNG EAGLE & AIRPORT EVENTS

GREAT NEWS! We will be resuming Airport Fun Day and Young Eagle events at the end of this summer.

Airport Fun Day will be held on Sept. 11, 2021 and our *Young Eagle Rally* will be on Oct. 9, 2021.

Please mark your calendar now so you may be able to join in on the fun! Details to follow at a later date.

For those pilots who would like to participate in flying with the YE children, please make sure you are up-to-date with your EAA membership and the “Youth Protection Policy” & background check required by EAA.

NEW MEMBERS

Welcome **Kristine Shutt** to EAA Chapter 1541!

QUOTABLE QUOTES??

“I told my boss three companies were after me and I needed a raise to stay at my present job. He asked which three were interested. I said the gas, electric and cable!” 😊

Stay safe, and fly safer!

Cheryl Andrade

Project Corner

All chapter members are invited and encouraged to take a few minutes and send us a photo and description of whatever project you are working on now or have recently completed. Send your text and photo(s) to eaal541@gmail.com. Fun and education for everyone!

Tom O’Hair writes:

My son Andrew and I began building our Zenith 750 Cruzer on May 22. Ivan, with Quality Sport Planes in Cloverdale provided the rudder kit, instruction, and the donuts to get us going. We have now ordered the complete

tail kit from Zenith, and will be building the rest of the plane in my Roseville garage. Goal is to be flying in five years. My son is an engineer with Boeing so hopefully he will keep me out of trouble.

Mary Wick CFI sent in the good news update that Hannah Treehan, our current Ray Scholar, has her PPL checkride set for August 17!

John Tate welcomed his RV-6A back to its KLHM hangar after an 8 month sentence of hard labor and multiple coats of paint at Sutter County airport. It is beautiful:

From the Galley

As we look forward to getting back together again, it's worth an update on what to expect in the post-Covid world from the galley. EAA has provided some guidance that we will need to follow and hopefully the rules will be relaxed over time.

The galley's first goal is to provide the same great meal experience as before. Our challenge will be how we provide and deliver the meals. In the past we would congregate around the grill and hand over individual meals. Then we would have another table for butters and syrup for breakfast. The changes going forward may include someone delivering meals to the table and individual packets for the condiments and silverware. Hopefully, these measures will only be temporary as things continue to return to normal.

We will have to decide how to distribute coffee and soda. My understanding is we should have someone responsible for handing out the drinks. I will stay on top of all food service requirements. I took some time to clean up the grills and refrigerators and any food that was stored in the hanger pre pandemic has been disposed of.

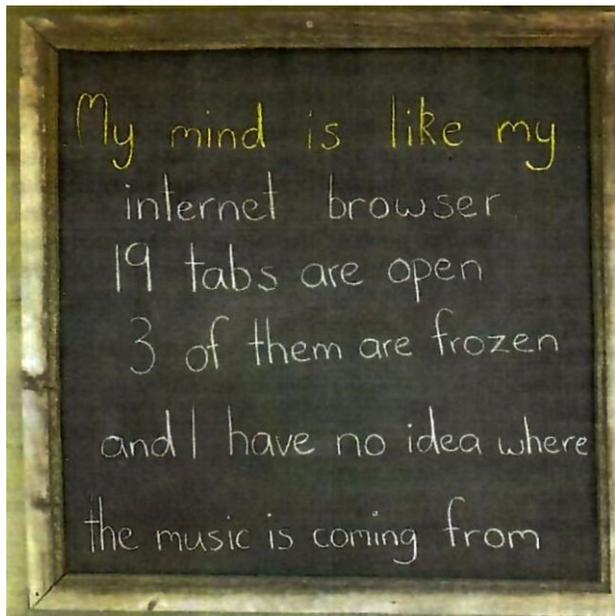

Even with these requirements there should be no disruption to the quality of the meals and service we provide from the galley. I will definitely need volunteers to help. This is a great opportunity for the youth of chapter to provide community service.

For our initial 2021 Face to Face meal, the Galley will be preparing the quintessential EAA breakfast – The Pancake Breakfast. It will be Pancakes, sausages and eggs, orange juice and coffee. If I have enough help we can do eggs to order it not I can prepare a batch of scrambled eggs. In the future we look forward to exploring breakfast options like breakfast burritos and omelets.

Scott Whelan

Just for Laughs
